# West India Quay Apartments

The painstakingly preserved interior is offered together with fine modern wood floors, and steel and glass fittings in kitchens and bathrooms to give a superb fusion of 19th century listed architecture and ultra modern living space.

West India Quay Apartments incorporate modern living lifestyles.

Set on the quayside, they are part of London's only remaining grade one listed warehouses alongside Canary Wharf.

The block is situated within easy reach of West India Quay DLR station and Canary Wharf tube station. City Airport is close by and the building is well connected by road. Across the bridge is Canary Wharf.
